"Some Kind Of Babe"

I was so blue, some kind of blue
I was so in love, some kind of love
She was some kind of babe, some kind of babe
Pretty little babe, some kind of babe

I was heel over my head
but she mistreated

How can I be free, some kind of free
From the memories, oooh the memories
I was happy all alone
all I had is gone

Don't you run through my mind
Help me feel so fine
I was so blue, some kind of blue
I was so in love, some kind of love
She was some kind of babe, some kind of babe
