[Chris Brown]

You're a dime (so beautiful)
Top of the line (so unusual)
Words can't define,
You're running through my mind all day

I'm so happy you're mine (so beautiful)
Top of the line (so unusual)
Now I think it's time, hey Shawty
I hope you don't take this the wrong way

[Chorus]

Girl you look better with the lights off,
Better with the lights off ooh
Girl, you look better with the lights off,
Better with the lights off ooh
Better with the lights off

[Legacy]

Hey Miss America, what you look so sad for?
Sweetheart, you only live one time
So put your fantasies on flash forward
Like gone speed me up, got deadline, cause you need
me done
I hate your type, I love you too,
I bite your swag, cause I wanna do you
Can't blame you babe
Obama your work clothes, girl make a change.
Lingerie, right like that,
that lalala, Make your eyes roll back
I mean you already fine though,
I just wanna see you with the lights off
Every guy wanna know how it is
To clap off the lights and turn Khole to Kim.

Drive off to take my girl to have a nice day.
Shit was right so I let her hang my way.
You look cute girl, what you wanna do girl?
Drive to my house cause it's only me and you, girl.
I'm checking her out, she had to put her swag on
Acting too happy saying she ain't going back home
I'm like wow, Whatever you say,
but whatever you plan gotta be done at 8
Next Stop.
Party at my place, of course you welcome girl,
You ain't taking up space
We get there, and Shawty still looking right,
She attacked me, but wait let me dim the lights
You look different, she like boy stop it
Naw, I ain't playing actually you more poppin.
I said shocking. No that's really raw.
I don't know baby, but even with the lights off...

[Chris Brown]
