[Verse 1 - Ben J]

He wouldn't let her breath  
She had to let him go  
She was a free spirit  
She had to let him know  
Her friends were relieved that she was finally free  
There were so many things that she could finally see  
She ain't know where to start  
But knew she start tonight  
Her girls said the club  
She said she probably might  
She always knew she had sex appeal  
So tonight she about to dress to kill  
Im feelin good, hey

[Chorus]

She finally dropped her man  
First night going out without a ring upon her hand  
The drinks just kicking in and she feelin good  
Especially cuz how she not alone  
She spent hours in the bathroom  
Just making she tat her hair all good  
She can finally show her tattoo  
Tonight she don't gotta hide, she's getting excited  
Cuz she,  
The way you walk in with that black dress [x4]  
She finally got it on [x2]

[Verse 2 - Legacy]

She headed back to the mirror  
Head over her shoulder and her confidence on 10  
Any girl try to step in, it'd be over  
She just like a model  
Dress from the bottom up  
And she feel like the dress too long so she lifted the  
bottom up  
Show them legs girl  
You ain't committed now  
Them niggas that used to be on you is your victims now  
Her ex does not approve  
But she always right  
She on that weezy shit

Single friday night

Chorus

She finally drpped her man  
First night going out without a ring upon her hand  
The drinks just kicking in and she feelin good  
Especially cuz how she not alone  
She spent hours in the bathroom  
Just making she tat her hair all good  
She can finally show her tattoo  
Tonight she don't gotta hide, she's getting excited  
Cuz she,  
The way you walk in with that black dress [x4]  
She finally got it on [x2]
