What if I was Jesse James
Or had one of them outlaw names
Could you handle my Wild West ways
Living on the run

What if we were Bonnie and Clyde
With Tommie guns running from the blue lights
And loving living on the wild side
Just for fun

Would you drive my getaway car
Chasing dreams like a couple young hearts
Hiding out underneath the stars
Would you drive my getaway car
Would you drive my getaway car

This town's just a little black dot
A quiet place that time forgot
A one light at a 4 way stop
On a 2-lane road

What if we hit the gas
Run away and never look back
Hey whatcha think about a fall like that
Baby I wanna know

Would you drive my getaway car
Chasing dreams like a couple young hearts
Hiding out underneath the stars
Would you drive my getaway car
Would you drive my getaway car

Would you drive my
Would you drive my
Would you drive my getaway car
Chasing dreams like a couple young hearts
Hiding out underneath the stars
Would you drive my getaway car
Would you drive my getaway car
