Baby, you and me been getting along for way too long  
Life's been a bed of roses and sweet, sweet song  
I know I should not complain, this is gonna sound  
insane, but

Let's fight, let's cuss, get mad, throw stuff  
Maybe call each other names  
Slam doors, break glass, I'll leave, come back  
And I'll take all the blame

Let's scream, let's shout  
Make up, make out  
Baby, just for tonight  
Let's fight

You might think that I might think you've lost your mind  
A love like the one we've got is so hard to find  
But I miss those crazy nights too  
I tend to agree with you

Let's fight, let's cuss, get mad, throw stuff  
Maybe call each other names  
Slam doors, break glass, I'll leave, come back  
And I'll take all the blame

Let's scream, let's shout  
Make up, make out  
Baby, just for tonight  
Let's fight, baby let's fight

Don't wanna do what we always do  
Five o'clock dinner, six o'clock news  
Baby, roll up your sleeves, and put up your dukes

Let's fight  
Baby, let's fight  
(Baby, let's fight)

Let's fight, let's cuss, get mad, throw stuff  
Maybe call each other names  
Slam doors, break glass, I'll leave, come back  
And I'll take all the blame

Let's scream, let's shout  
Make up, make out  
Baby, just for tonight  
Let's fight

Baby, let's fight  
(Scream and shout make up, make out)  
Baby, let's fight  
(Slam doors, break glass, I'll leave, come back)  
Baby, let's fight
