"Storm On The Sea"

This party is over, and we, we are alone
and I feel so helpless, there's nowhere to go, but
(chorus)

To storm on the sea
No stranger to me
Light on the shore
So let the wind blow
Carry me home
Lead me to your door
The room is so quiet
Hush, don't you cry
Daybreak is dawning cold in the sky
So don't tell me your name
I can't stay here
Can't a cruel light of morning drive me away
(REPEAT CHORUS)
(REPEAT CHORUS x 2)
