"Caught in the line of fire

WIKSTRÅ-M/ERNLUND

I'm out on the street lookin' for anyone
Who make me believe I'm the only one
I recall the times, but it was so long ago
I made you a fool
And you were the last to know
I'm reaching out (reaching out)
To make it right (make it right)
'Cause the heart is a lonely hunter
And it's time to end the right

I was caught in the line of fire
Just when I thought I was safe
Caught in the line of fire
It was the price I had to pay

Feels like I'm lost
In a world of dreams and hopes
I'm finding myself up against the ropes
A loser in love since I walked out on you
I was too proud to show what I felt for you
I'm reaching out (reaching out)
To make it right (make it right)
'Cause the heart is a lonely hunter
And it's time to end the right

I was caught in the line of fire
Just when I thought I was safe
Caught in the line of fire
It was the price I had to pay
