"Rev It Up

WIKSTRÅ-M/ERNLUND/WINTER

Hear the night is calling
So get up on your feet
It's time to get goin'
Come on turn on the heat
Don't say you're sorry
'Cause you deserve the right
No time to worry
So live it up, and wreck the night
Lookin' for some action
We're gonna start a chain reaction

Chorus

Let's go out, have a wild night
Rev it up, and never see a red light
Hit the streets, have a wild night
Rev it up, and never see a red light

It's a secret desire
An action louder than words
To set the night on fire
Be on top of the world
Lookin' for some action
We're gonna start a chain reaction
