TREAT

Wastin' time every day
'Til the sun is goin' down
I hear the sound it's in my head
That keep goin' round
Oh I love it - When it's over
Oh I love it
Tryin' to get away
From this nine to five machine
No-one can stop me I show you what I mean

Ride me high tonight
Oh Oh let's ride me high tonight
Ride me high tonight
Oh we make it alright
Ride me high tonight

I need a girl who makes me feel
Like I'm spinning like a wheel
I the night I play to win
I choose the cards I deal
Oh I love it - When it's over
Oh I love it
Tryin' to get away
From this nine to five machine
No-one can stop me I show you what I mean

Ride me high tonight
Oh Oh let's ride me high tonight
Ride me high tonight
Oh we make it alright
Ride me high tonight
Come on let's ride
