Gang affiliated I'm connected worldwide  
From banging to Portland  
We get it sparking pimping hoes in the park  
In and out the passenger  
Homies in the back blowing out the magnum  
Why you trying to get in bed with my  
Dickies sagging you know I spit it sick man that's why  
My gun is clapping I got that heavy metal  
But I bring it hip hop  
Gangsta rapping keeping it macking keeping it  
cracking keepin it smashing  
Fucking around and got me creepin with the MAC-10  
Make a move and then I'm blasting  
I be the young assassin burning ass  
And leave your body in the attic bitches can't catch up  
cuz my flow is  
Massive gotta have the blood in your veins with the  
thug in  
And came my Vietnamese been from bringing the pain  
No need to stunt I putting a slug in your brain  
That's how we do it ol'G's riding top rank

And we up to no good  
And that's fsho in the hood gya dig

#### Chorus

Let me show you people how it goes down if you wants
