#### HOOK:

Everyday I live my life  
I push against the grain  
Up against all of my odds  
Only I can feel the pain  
And I grind for the fortune  
Till the crowd screams out my name  
Ima be the... , I'ma be the...

#### THAI:

It's all about the dough tho  
You know fo sure tho  
We all international while ya stay local  
And ima get money like the homies in San Jo  
Do anything we want,  
Give a fuck if it's illegal  
Check like D-Bo  
Coming thru repo  
Heart of a soldier, fly high like an eagle  
Ride for my people, it's just how it goes  
Stay on my toes, ahead of my foes  
I got it in control, take a hit and let it blow  
I'm on top of the world, staring out this window  
And everything I've been thru, made me stronger  
mental  
Aint nuthin easy, we just make it look simple  
Credentials I got it, pistols I've popped it  
Shows I've rocked it now I'm rollin with the mobstas  
Homie party like a rockstar,  
but don't get it twisted I'm a gangsta first and foremost

#### HOOK

#### 2ND VERSE:

Call me the medical  
Flow so hysterical  
Been in the streets with the gangstas and the criminals  
You know I live this shit now  
I'm on a mission to stack a fuckin million  
Head high to the ceiling  
Posted like a street light

Living in the street life  
Knowing thangs gona be right so I grind all day all  
night  
Until the time comes, homie we gona get it  
And even when we make it, we gona still get it in  
Ima a rider rider, ghetto survivor - vivor,  
Posted with them thangs right beside us  
If you want to run up, you know where to find us  
Aint no body hiding, you'll get lit up like a lighter  
I'm bringing it, all ya bitches singing it  
You don't know nothing till you mothafuckas seen this  
shit  
And we've been in this shit, hold it down and stackin  
grips  
Up in the studio everyday makin hits
