Just keep on spreading disease. I don't care I do what I please.

And you keep telling me slow. I don't care I want to go wrong.

Don't matter who you used to know. Oh such a stupid game to play.

It's missing time all the time. Sort of missing someone here tonight.

And you keep telling me slow. I don't care I want to go wrong.

Don't matter who you used to know. It's such a stupid game to play.

It's killing time all the time. Sort of missing someone here tonight.

Girl. Don't know what to do.
