I've got myself tied down
With these ropes of hope
The ropes of hope
And I'm hoping and wishing that
Someday, I'll be living
I've got myself tied down
With these ropes of hope
And I'm hoping and wishing and praying
That someday I'll be living

I'm sitting here in the cold
With my body curled up in this corner
Broken and alone
As your simple whispers break the silence
With these words out comes my violence
My thoughts bother me
They should bother you too
My thoughts bother me and you

Look what you've done
You and I can't be one
Look what you've done
You and I can't be one

I've got myself tied down
With these ropes of hope;
The ropes of hope
And I'm hoping and wishing that
Someday I'll be living
I've got myself tied down
With these ropes of hope
And I'm hoping and wishing and praying
That someday I'll be living

Nobody know this dead road
That I'm walking down aimlessly

Nefarious ghost inside of me
And nobody knows of these lies;
The lies of my life
Just bury me deeper
Yes bury me deeper

Inside of my mind

Look what you've done
You and I can't be one
Look what you've done
You and I can't be one
You and I can't be one

I've got myself tied down
With these ropes of hope;
The ropes of hope
And I'm hoping and wishing that
Someday I'll be living
I've got myself tied down
With these ropes of hope
And I'm hoping and wishing and praying
That someday I'll be living

My thoughts bother me
They should bother you too
They should bother me and you
I'm sitting here all alone
But my mind is blank
(And I'm to thank)
And you're to thank

As your simple whispers break the silence
My body fills with the violence

Look what you've done

Look what we've done
Look what we've done
