Bite back  
Bite back  
Bite back

Don't attack me cause you know I'll bite back  
And you're trying to distract me but I won't look back  
Don't attack me cause you know I'll bite back  
Cause you know I'll bite back  
Cause you know I'll bite back

Musically beating you 'round  
You're gonna be leaving the room with a big, big frown  
Today, tonight, that's right  
You are not made out of metal, you're only a petal  
Just move on up, get outta my way, my way, my way  
So many levels and only the start  
No you don't, don't deal with it now  
Don't go my way, my way, my way  
You gave a bite  
But I'm gon' be taking this right to the top  
Hey now, I start today, today, today, today

Don't attack me cause you know I'll bite back  
And you're trying to distract me but I won't look back  
Don't attack me cause you know I'll bite back  
And you're trying to distract me but I won't look back  
Don't attack me cause you know I'll bite back  
Cause you know I'll bite back  
Cause you know I'll bite back  
Don't attack me cause you know I'll bite back  
Cause you know I'll bite back  
Cause you know I'll bite back

Oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh

Half done, half well, I won't go there  
Throwing your insults all up in the air  
Oh dear, oh dear, oh dear  
There is no space for waste, not even a taste  
It's clear your mood is everywhere, oh, well, oh, well

I don't mind if my hair's not neat  
Not taking the back of the seat  
It's time to move away, eh, ay  
Plastic vs metal and I won't go settle  
I'm gonna go do this now  
My own way, my way, my way, my way

Oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh

Don't attack me cause you know I'll bite back  
Cause you know I'll bite back  
Cause you know I'll bite back

Don't attack me cause you know I'll bite back  
And you're trying to distract me but I won't look back  
Don't attack me cause you know I'll bite back  
And you're trying to distract me but I won't look back  
Don't attack me cause you know I'll bite back  
Cause you know I'll bite back  
Cause you know I'll bite back  
Don't attack me cause you know I'll bite back  
Cause you know I'll bite back  
Cause you know I'll bite back

Oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh
