Your half as empty as your shit fuck stand
Your stand for money, power and a cheap ass fuck
Promises rely on premature plans
Your clutches so weak you can't stand your ground

Instead of making the right of wrong
You play your blame game when crisis strikes
You build hate amongst our race
Into our fucking land behind our face

Stabbing the back of your brothers
Your people, your selfish survival, your game of lies
Conning the innocent on racial belief
And give rise to them new born enemies

Who gives a fuck
Who gives a fuck
Who gives a fuck

Who gives a fuck
Who gives a fuck
Who gives a fuck

Hollow hopes is your insight
You give us all the shit till your votes are wide
Hypocrisy is your political right
Fucking scum motherfuckers an infection inside

Your strategies for ministerial berths
Dishonest and deceptive, your allies so sore

You call our land as the mother of all
And treat her like a whore

Fight for the right, for our rights
For our lives, you cannot run the nation so, fuck you
You've got the nerves to exploit all the ones
Who rely on your bullshit plays

Who gives a fuck
Who gives a fuck
Who gives a fuck

Who gives a fuck
Who gives a fuck
Who gives a fuck

We give a fuck
We give a fuck
We give a fuck

We give a fuck
We give a fuck
We give a fuck

Taking back my time I lost what I had to realize
Feeling this emptiness because of somebody else
Stop - Lies, cries, deceit
You are the ones who would see us burn and die

Steal all our souls and fuck sell it at a cheap price
Fake sign of lotus, the hand of corruption
Stop - Lies, cries, deceit
You are the ones who would see us burn and die
