take your time, my boy
no need to be rushed
for when it's all done
you won't have missed much

swing your legs and play
climb up on your wall
humpty couldn't do it
he had a great fall

but he couldn't fly
he wasn't like you at all

you're a boy with a balloon
on your way to discover
how the cow jumped over the moon
there could be no one other
because your eyes are big and blue
won't you invite me up there too

every day you smile
the sun smiles back
the bumblebees get friendly
the nights not so bad

head up in the sky
singing your song
don't look down I know it's where you belong

i said don't look down I know it's where you belong

you're a boy with a balloon
on your way to discover
how the cow jumped over the moon
there could be no one other
because your eyes are big and blue
won't you invite me up there too

you don't need a blanket
or to rest on a pillow
because you'll never be lonely
and you are your own hero

or at least your mine
floating high
youÂ're my hero

youÂ're a boy with a balloon
on your way to discover
how the cow jumped over the moon
there could be no one other
because your eyes are big and blue
wonÂ't you invite me up there too
