I'm swimming in sheets for the cold spot  
Flipped my pillow for the ninth time  
Where you at, who you with, who's making you smile  
God I wish she was mine, God I was she mine

Can prayers grant wishes or will love always be like this  
You leave me breathless and I'm longing for your pure  
kiss

I pray someday you'll find the way to make it to me  
But I've got to believe that prayers grant wishes  
that prayers grant wishes

I'm thinking that maybe if I fall asleep  
I'll wake up and you'll be in my arms  
I've never wanted a person with all of my heart  
When my head says it's too far, yeah my head says it's  
too far

Can prayers grant wishes or will love always be like this  
You leave me breathless and I'm longing for your pure  
kiss

I pray someday you'll find the way to make it to me  
But I've got to believe

I pray someday you'll find the way to make it to me  
I pray someday you'll find the way  
I pray someday you'll find the way to make it to me  
I pray someday you'll find the way

Can prayers grant wishes or will love always be like this  
You leave me breathless and I'm longing for your pure  
kiss

Can prayers grant wishes or will love always be like this  
I pray someday you'll find the way to make it to me  
But I've got to believe that prayers grant wishes  
that prayers grant wishes
