We started off as friends, that's how it often goes
Before their hurtful words fly like stones
Now I'm holding on, and I'm buried deep
But I can drown you out cause I believe

Love is louder
Love is louder
Love is louder

You can talk the talk, even walk the walk
Think you can put me down but you forget
How I'm holding on, though I'm buried deep
But I can drown you out cause I believe

Love is louder
Love is louder
Love is louder
(repeat)

How could you do what you did to me
You left a scar, you left a scar
How could you do what you did to me
You went too far, you went too far
But I'll forgive and I'll forget
Yeah I'll forgive you and I'll forget

Love is louder
Love is louder
Love love love love love is louder
Oh love love love love love is louder, louder louder

Love is louder
Love is louder
Lover is louder
(Repeat)
