You clap your hands
You're turning heads
You're jumping ship
Jumping on my bed.
You snuck into my room, dance away the night
I turned off my light, I turned off my light.

So watch me baby, follow my lead.
They can't stop us now, take what you need.
We came to smash it all, what we got to lose.
In a black tuxedo and shiny shoes.

Chorus:
We came to smash, smash. We came to smash.
We came to smash, smash. We came to smash.
We came to smash, we came to smash.

In a black tux, in a black tux.
We came to smash you, smash.
We came to smash you, smash.

It's not to late, I swear it's not.
The suns asleep the sky is pokadot.
I put the car in the parking lot.
Let's take a ride to my vacation spot.

The streets are full, fuck it we'll walk.
Call my phone if you wanna talk.
Ain't got no bars, it's dark in here.
I only shine so I can disappear.

Chorus:
We came to smash, smash. We came to smash.
We came to smash, smash. We came to smash.
We came to smash, we came to smash.
We came to smash, we came to smash.

In a black tux, in a black tux.
We came to smash you, smash.
We came to smash, in a black tux.
We came to smash you, smash.
In a black tuxedo.
