Candy-O, I need you  
Sunday dress, ruby ring  
Candy-O, I need you so  
could you help me in?

purple hum, assorted cards  
razor lights you'll bring  
and all to prove you're on the move  
and vanishing

Candy-O, I need you so  
Candy-O, I need you so

edge of night, distract yourself  
obstacles don't work  
homogenize  
decentralize  
it's just a quirk  
different ways to see you through  
all the same in the end  
peculiar star, a-that's who you are  
do you have to win?

Candy-O, I need you so  
Candy-O, I need you so

Candy-O, I need you so  
(Candy-O)  
Candy-O, I need you so  
(Candy-O)
