It's been a terrible season
I've never seen so much rain
It seems without rhyme or reason
Enough to make you insane
Just when I think we've recovered
Another maelstrom is formed
I thought we were friends and lovers
Do we not care any more?
Please keep me warm
Please come and keep me warm
Please keep me warm oh baby
Come keep me warm

There is no use in disguising
As if we hadn't been warned
The frigid waters are rising
There's no escape from a storm
So please keep me warm
Please won't you keep me
Please come and keep me warm
From the freeze that is deep in me
Please keep me warm oh baby
You don't have to sleep with me
Just come and keep me warm
Taking my time, taking my time, taking my time
You don't have to sleep with me
Please keep me warm
Please come and keep me warm
Please keep me warm oh baby
Come keep me warm

And if I've lost my composure
And if I seem a bit torn
I'm trembling from the exposure
Just like a naked newborn
So please keep me warm
Please won't you keep me
Please come and keep me warm
From the freeze that is deep in me
Please keep me warm
You don't have to sleep with me
Just come and keep me warm

So please keep me warm
Please won't you keep me
Please come and keep me warm
From the freeze that is deep in me
You don't have to sleep with me
Just come and keep me warm
