Shine shine on brightly
Take away the night
We'll float oh so lightly
Before the morning bright
Oh yeah

(Sweet sweet surrender)
Sweet sweet surrender
(Come to me now)
Come
(So warm and tender)
Warm and tender
(I will show you how)

Take a ride on a daydream
Taking you no where
It's all such a bad scheme
I know cause I've been there
Whoa oh

(Sweet sweet surrender)
Sweet sweet sweet surrender
(Come to me now)
Come to me loving
(So warm and tender)
Warm and tender
(I will show you how)

(Sweet sweet surrender)
(Come to me now)
(So warm and tender)
(I will show you how)
