"Crazy Weather"

Visit "[Crazy Weather](#)" on MotoLyrics.com

This crazy weather's caught me off guard
This crazy weather's caught me off guard
If it'd rain some other time, I'd be ok
Why did this crazy weather have to come today?
This crazy weather's really brought me down
This crazy weather's really brought me down
And lately I've been feeling fine, but it just had to
have its way

Why did this crazy weather have to come today?
This crazy weather's brought you back in
This crazy weather's brought you back in
And I thought you were far away, so far away
But this crazy weather's brought you back today
