Hello, IÂ've seen you before,
I donÂ't know when,
But IÂ've seen you for sure
Maybe you passed by my door,
Passed by my door
Tell me, are you travelling alone?
Has your road been a rough one?
Were you weak? Were you strong?
Me, IÂ've been drifting along,
Drifting so long

Come, sit, there is room by the aisle
Your eyes are brown, but they turn green when you smile
Come closer, we can talk for a while
Or just sit still
Hello, IÂ've seen you before,
I donÂ't know when,
But IÂ've seen you for sure
Maybe you loved me before
Loved me before
