People tell me I outta know better
Its so hard to keep it together
I've got this feeling cause my phone keeps ringing
and my mind keeps dreaming,
and my soul's just screaming out
Hey oh, hey hey oh
Just for the record,
I've got a clean record
I know its gonna change
and I can't be blamed
There goes my halo
Things are about to change...
Gonna go all night,
twilight to daylight
Crank it to eleven,
rock my way to heaven
And I won't stop 'til I get my mugshot
Money in my pocket,
just to too late stop it
Its so easy,
drinking tequila
looking at Tila
At the last bar,
I was so famous,
I was a rockstar
And I lost my jacket
when they played Michael Jackson
Dancing all alone
cause I own the zone
Singing hey oh,
hey hey oh
Gonna jump in a fountain,
climb every mountain
Cutting every line
cause I'm out of my mind
Singing hey oh,
hey hey oh
Cause that's just how I roll...
Gonna go all night,
twilight to daylight
Crank it to eleven,
rock my way to heaven
And I won't stop 'till I get my mugshot
Money in my pocket,
just to too late stop it
And I've never seen a girl
look as fine as you
And I'm gonna get your name
as my next tattoo
And I wanna spend the rest of my life
with you
Before the cops come
and take me away
