Danger written all over her Dressed to kill and she  
doesn't know better Caught up and my eyes are  
burning I don't know if i can take it this time... Oh oh oh  
the room is spinning Oh oh oh the tension rising Oh oh  
oh the walls are shaking Oh oh oh now its beginning  
Yeah you're like a shot into my vein Bullet through my  
brain, Oh no You're the one to blame Driving me  
insane, let's go It's dangerous the games you play, oh  
cant you see Don't make me wait another day, it's  
killing me So, Murder me, murder me Because you're  
killing me Quicksand and I'm slowly sinking Throw me a  
rope cause I think that I'm drowning Now you say this  
time is different Gimme a sign cause I wanna give in  
Oh oh oh the room is spinning Oh oh oh the tension  
rising Oh oh oh the walls are shaking Oh oh oh now its  
beginning Yeah you're like a shot into my vein Bullet  
through my brain, Oh no You're the one to blame  
Driving me insane, let's go It's dangerous the games  
you play, oh cant you see Don't make me wait another  
day, it's killing me So, Murder me, murder me Because  
you're killing me Infatuated, I'm elated, uncontrollable  
Asphyxiated, I'm invaded, so insatiable Intoxicated,  
brain is faded, so chemical Take it all, just take it all...
