My apologies for the disaster We'll be quiet when we're
in the hereafter

And if its this too loud for your ears, we don't give a
shit I tell you we ain't leaving here, just get used to it
We'll never stop, we'll never stop Cause we don't give a
woot woot Cause we don't give a woot woot Cause we
don't give a woot woot This one's for us not for you We
don't give a woot woot It's the new rule Your
acceptance don't meet my approval Turn it up high as
fuck is the new rule And if its this too loud for your
ears, we don't give a shit I tell you we ain't leaving
here, just get used to it we'll never stop, we'll never
stop Cause we don't give a woot woot Cause we don't
give a woot woot Cause we don't give a woot woot This
one's for us not for you We don't give a woot woot It's
the new rule Hello put your hands up for a rock star
who can play it and not fake it, play the bad shit on
guitar If you call yourself a player move it, move it,
work it, shake it Try and break it like the bad bitch that
you are
