"Three Or Four"

Give me a home
Where the past won't pay no mind
In case i'm bringing my own
Bring me a team of replacements
Just in case the place I'm taking's my own own own
Own own own

Three or four hourglass
Three or four hourglass

Tell me I'm numb
I'll be back in just a shake
To see how my babies have grown
Circle the chairs
To protect us from the law
In case you needed my own own own
Own own own

Three or four hourglass
Three or four hourglass
Three or four hourglass
Oo oh...
Three or four hourglass
Three or four hourglass
Three or four hourglass
Three or four hourglass
