When I see you I'm gonna love you all over again
can't take my eyes off you
When I see you I'm gonna love you all over again
it's all I ever wanted to do

The first time that I saw you
I fell in love
One look was all it took
Now my heart is an open book
Just one kiss
And it's eternal bliss
I knew I'd never miss
You are my princess

When I see you I'm gonna love you all over again
can't take my eyes off you
When I see you I'm gonna love you all over again
it's all I ever wanted to do

But you keep playing games
it's the same old same
You never stopped to think
That we would be in love forever
If it were up to me
Our love would set us free
I know it's your choice
But I can't live without you

When I see you I'm gonna love you all over again
can't take my eyes off you
When I see you I'm gonna love you all over again
it's all I ever wanted to do

I can't take the pain
it's driving me insane
And it's my mistake
Not to see it's much too late
You wouldn't try things again
Now our hearts need to mend
This is just crazy

We're both lost without each other

When I see you I'm gonna love you all over again
can't take my eyes off you

When I see you I'm gonna love you all over again
it's all I ever wanted to do
