iâ've been living in this mansion for many years
i am imortal the blood of these whores is killing me
although im a butcher more appear every fucking day

the money
drove us
insane
to a place of insanity

life forms around seem scripted and automated,
i must deflect the whores and demons attacking daily.
the money
drove us
insane
to a place of insanity

it was the money that drove me insane
it was the people who tryed to persecute me
it was the lifestyle forced to my brain
it was the money that drove me insane

the money drove me insne
