Wishes into space
instead of runin away
So investigate
these burdens on my face

I can't hold on very long
When she's gone I can't go on
So get along
When I see you with the sunrise
If I make it through the moonlight now
Waiting for your silhouette
waiting for your song my love.
'Cause half of me is gone.

Bridges that I've burned
have left me overturned
Stranded at my place
Twirling on mistakes

I can't hold on very long
When she's gone I can't go on
So get along
When I see you with the sunrise
If I make it through the moonlight now

Waiting for your silhouette
waiting for your song my love
'Cause half of me is gone.
half of me is gone.

I can't hold on very long
When she's gone I can't go on
So get along
When I see you with the sunrise
If I make it through the moonlight now
Waiting for your silhouette
waiting for your song my love

When I see you with the sunrise
If I make it through the moonlight now
Waiting for your silhouette
waiting for your song my love

Â'cause half of me is gone.
half of me is gone.
