Now the photographs you left me
Sitting on the table
You left and never said goodbye.
Well my eyes were always on you,
head was always near you
you never made me cry.

Cause you always crash
You always burn
you always make the wrong last turn
I wont rest until I show
the world what you're made of.

Well I felt a little lonely
Girl you had to burn me.
branded by disgrace.
Well my heart is always heavy,
Head is always ready
For memories of your face.

Cause you always crash
You always burn
you always make the wrong last turn
I wont rest until I show
the world what you're made of.

Crash and burn
Crash and burn
Crash and burn
Crash and burn burn burn

Yeah yeah yeah yeah...

Now I'm smelling the grass
that we used to pass.
The buzz of the bumblebees,
Well my feet that keep on walking
to the place you want me,
put my mind at ease.

Cause you always crash
You always burn

you always make the wrong last turn
I wont rest until I show
the world what you're made of.
of of of.
