The dunes are out and
they're bringing their friends.
It'll be a long one to roll in.
It's innocent, they're so cruel.
There's definitely some fire for the boat guards
definitely a night for the jokers
simply sweet, rinse me...

So far, I can't see the end
So far, you're under my skin
I'm blinded by the starry sky
and you.

I suppose it's time to leave,
I know I ought to go.
The sun is coming up,
The birds are gonna crow
It's sinful, it's tasty.

Well I'm satisfied,
I wrinkle my nose,
smelling my skin,

smoke stained clothes.
I'm in for it, there's no end to this.

So far, I can't see the end
So far, you're under my skin
I'm blinded by the starry sky
and you. And you.

Ending your millions
you see me, you need me.
Look out your window,
I'm coming home with the sun.

So far, I can't see the end
So far, you're under my skin
I'm blinded by the starry sky

So far, I can't see the end
So far, you're under my skin

Iâ'm blinded by the starry sky
and you. And you. And you.
