Higher than the mountains,
deeper than the seas
is the love that You offer
a sinner such as me.
A long road You traveled,
a painful cross You bore,
You placed a value on me
that I cannot ignore.

All hail the King of Glory,
all hail the King of Kings,
all hail the Mercy-Giver
who came to earth to rescue me.

Sweeter than pure honey,
more refreshing than the rain
is Your Spirit healing my
heart full of pain.
Truer than the sunrise,
more flowing than the breeze
is Your grace and mercy
I find on my knees.

All hail the King of Glory,
all hail the King of Kings,
All hail the Mercy-Giver
who came to earth to rescue me.

Hallelujah to the King,
His great love has rescued me.
(Repeat)

All hail the King of Glory,
all hail the King of Kings,
all hail the Mercy-Giver
who came to earth to rescue me.
