Chorus

First my money got straight
(Then the hoes changed up)
Then the chevy got wet
(Now the doors swang up)
Then the bottles got popped
(Then the kush get lit)
Now I'm lookin at the game like I own dat bit
I own dat bit x2
Now I'm lookin at the game like I own dat bit
Bottles got popped kush got lit
Now I'm lookin at the game like I own dat bit

Verse

Hold on... hold on wait let me get this straight
Who are you to tell me I am not great
Fuck all these tracks they all get raped
I'm pass your level out of your league
This a new game I'm a new breed
Ducks ass niggas are my pet peeve
Gotta switch the gears gotta go gotta leave
Never outshine the master or it will end in diaster
Laughin at these dumb ass bitches out here claimin
they some rappers
Cocky yeah got a reason to be
Out on these streets and they noticing me
Tryna go live like gully caprice
Swag so crazy call the police
Been gone for a second but I'm back better than ever
Had to get my shit together ima do this shit forever
Still hold the crown can't nan bitch stop me
Strong independent while these other hoes sloppy
If I'm talkin to ya nigga then money is topic
You out here grindin nothing to show
Boy you need to stop it
Married to my currency currently so it love me
Don't need nigga for shit I make the money cum for me

Chorus

First my money got straight
(Then the hoes changed up)
Then the chevy got wet
(Now the doors swang up)
Then the bottles got popped
(Then the kush get lit)
Now I'm lookin at the game like I own dat bit
I own dat bit x2
Now I'm lookin at the game like I own dat bit
Bottles got popped kush got lit
Now I'm lookin at the game like I own dat bit

Verse

Money on my mind so ya girl gotta get it
My life is like a movie can't you see the cameras movin
I gotta get the money can't no muthafucka stop me
Soon as I hit the door (click click) paparazzi
Gotta roll the dice in this game like yahtzee
Yeah they like my swag so they right click copy
Pockets hella healthy lil debbie got my cake up
5 star status aint nothing on your plate bra
Money is no issue unravel it like tissue
Better jump aboard before this paper train miss you
Going green purple lean devil wit a smile on
Cheddar come in piles mesmerize how my cheese
grown
Only 22 makin more than ya 9 to 5
I can put you on if you really tryna go live
Stingy with the money hold it like a lit torch
It's my money and I want it now call he ronnie douche
bitch

Chorus

First my money got straight
(Then the hoes changed up)
Then the chevy got wet
(Now the doors swang up)
Then the bottles got popped
(Then the kush get lit)
