"Another World"

Every time - every place - I searching for - another face
Do you need - another life - do you want - change your
mind

Fuck this world

Darkness - turn me to hate my self
Loneless - let me erase my head
Lifeless - my secret way to the dead
I want to leave - to another world

I can hear - virgins grisly tears

Inside the doom - they need my filthy room
Let them see Â– inside my graveyard dread
Taste them blood Â– enjoy with sense of drunk

You can feel dark with hate face
You can share filth and hugs in the bloody place

I m leave to another world
I believe in the Existent world
