I'm here alone without my beauty face  
I need to suck her lips I lust to the bloody days

I feel the cold inside my lifeless old bones  
I'm waiting for the screams of bloody stones

Iâ'm here waiting the virgins to save me from  
My loneliest lifeless inside my freezing pain's

But no one care about what I need  
There's only a way to my lonely bloody creed

To my lonely bloody creed

To my lonely bloody creed

Through the bloody doom land I walked  
Searching for my princess  
I need her eyes  
To feel my own reflection  
Of the Moonlight sense  
On her darkness body  
That makes me frozen, cold as ice

From her screams of pain I heard  
The gloomy blackheart voice  
A colorless cascade of her face

The darkness castle doom inside  
With virgins suffer of lusting blood  
Sucking them hands inside my room

I'm leaving the priding life  
Of the human hopeless life  
To the eternal filthy land  
I'm search For the Doom  
In the night of the full moon

When I heard the Crows  
Thy need to my darkness inside

Thy know I m alone

Thy need to my lifeless path

I'm lusty all the time with my virgins hands  
I don't need any thing except my bloody land

I used to filthy life to let me find the blood  
In the land of suffer the secrets of my roots

The filthy lusty virgins find my darkness path  
Thy surround my body to suck my ancient hands  
I feel now with power of bloody eternal life

While I m sucking her frozen nick  
Her eyes burning bright  
That I can't control my head  
She now suffer die

She now suffer die  
She now suffer die  
She now suffer die

Vampires' virgins inside my land  
Them filthy bodes need to my bloody hands

Imagine the day when you play with Navigation hunter  
Its will flay with you to the eternal empty gander
