(Singing style Â– Female)

Here I can cry without any pain  
Inside the forest of cold and dark  
I hear the Howling of wolves in the sky  
I see the moon light sparkle inside

IÂ'm going away  
To the land of Lifeless  
I feel with lust  
To the blood and darkness  
I follow the moon light  
To arrives to the wolvesÂ' bloody fight

Of the dark winter
