Oblivion and sorrow falls
of our painless desire soul's

I used to enjoying my bats
surrounding my bloody rats

Phrenetic virgins comes with them filth
they Need my gothic sexual rabid girth

my black bats began with sucking me
I feel with phrenetic sexual Organs be

Provenance to sucking my bloody virgin's lips
Inside my ancient bloody darkness wakes
She is screaming with raving sense's
I rashing her clothes with brutal pains

I ripping her filthy cunt with my raving cock
She can't do any thing just scream with hugs

My lovely bats drinking her shaken cunt's bleed
She can feel with them savage filthy need

she don't know how my grisly lust
while I touching her filthy bloody cunt
