Heart, beating strong  
I was serious my love was furious  
For you, only you, oh baby  
Darling I don't know why  
I can't leave you alone  
You thrill me to the bone  
You're the one  
Obsession oh baby

Don't you know it was a crucial lovin'  
Cru-cial  
Crucial lovin'  
Cru-cial

Chills, over me  
Different from the rest  
I won't settle for less  
Hello, won't take no oh baby

From now on you and I  
Stood the test of time  
Yet still you're on my mind  
Always, night and day oh baby

Don't you know it was a crucial lovin'(I never knew love  
could be so crucial)  
Cru-cial (oh, yeah)  
Crucial lovin' (Girl, you are my last time, sugar)  
Cru-cial (baby, you're the one.

Don't you know it was crucial lovin (From now on, baby!)  
Cru-cial (Don't you know it was crucial love)  
Crucial lovin (Down to the, down to the bone.)  
Cru-cial (heh heh heh!)

I have more than told you  
Girl I've got to show you  
Feelings over load extreme

For the very first time  
Girl you are my last time

You have taken over me

Don't you know it was crucial lovin (Baby, I don't know why, oh)

Cru-cial (You're on my mind everyday)

Crucial loving (I never knew love could be so crucial)

Cru-cial (Oh, girl. Yeah, yeah, yeah, yeah)

Don't you know it was crucial lovin ( If you could've heard me this way)

Cru-cial (You're the one! You're the one!)

Crucial lovin (You're the one, you're the one, for me)

Cru-cial (No one else)

Don't you know it was crucial lovin' (Girl this is my last chance)

Cru-cial (So I'm begging you)

Crucial lovin' (It's crucial, It's crucial!)

Cru-cial (Girl)

Don't you know it was crucial lovin' (Down to the, down to the, down to the bone!)

Cru-cial ( Down to the, down to the bone)
