Girl I got a secret
See if you can guess
Put your heart into the
Problem
See if you can pass the
Test
Can you see it?
It's a natural occurrence
1+1 makes 2
If I've been acting crazy that's
Just one more clue
When I see you

Oh, feel you start to shake ?
Do a double take
Didja get it yet,
Get it yet
Get it yet
Ooh my secret
Ooh sparks begin to fly
Lightening in the sky
Didja get it yet
Get it yet
Get it yet
Get it yet
My secret

Didja get it yet
Didja get it yet
Didja get it yet
Didja get it yet
Get it yet
Get it yet
Get it
Get it yet

Girl there ain't much time
So move a little closer
Put your hand in mine
Can you feel it?
I'll try to make it easy

Even knock it out
Before the night is over
There will be no doubt
You'll find out

Fell ya start to shake
Do a double take
Didja get it yet
Didja get it yet
Get it yet
Ooh my secret

Ooh sparks begin to fly
Lightening in the sky
Didja get it yet
Didja get it yet
Get it yet
My secret

Didja get it yet
Didja get it yet
Didja get it yet
Didja get it yet
Didja get it yet
Get it yet
Get it yet
Get it
Get it
Get it yet

Come on girl
You only got three
Guesses and you're not
Even close
Ooh now you're getting warmer
Ooh now you're hot
Ooh feel ya start to shake
I do a double take
Didja get it yet
Get it yet
Get it yet
Get it yet
Ooh my secret
Ooh sparks begin to fly
Lightening in the sky
Didja get it
Get it yet
Get it yet
Get it yet
My secret

Ooh feel ya start to shake
I do a double take
Didja get it yet
Get it yet
Get it yet
Ooh my secret
Sparks begin to fly
Lightning from the sky
Didja get it yet
My secret

Ooh feel ya start to shake
I do a double take
Didja get it yet
Get it yet
Get it yet
Ooh my secret
Sparks begin to fly
Lightning from the sky
Didja get it yet
My secret
