Ya know
Done seen a lot of things
Comin' up
The game done changed
So much man
People ain't the same (people)
The music ain't the same (people)
But New Edition, we're here though
And we ain't gon' never change

There's a young man comin' up in the game I seen a lot
of things
Harvest a lot of dreams
But on my road to stardom, I've seen some things I
didn't understand
Like how a another man, can down another another
man
If he's your brother man, why don't you give him a
hand
And show him how to do it, nooo

We ain't always gotta fight like they say we do (say we
do)
But we can come together and make up our moves

Be one with the music, let the harmony speak for itself
We don't need no help, we got our own mission to get
We gotta grow,

1- All we need is
One Love, One Love
For my sister's and my brothers
Fathers, need to help the single mothers (mothers)
All we need is One Love

[Repeat 1]

All we need is...
All we need is...
All we need is...
One Love

Yo, there it is
N.E.
One world
One Love
