Well when she walks on by she's got that look in her
eye,
Drop and roll, funk and soul.
And when she wants a guy you know she don't have to
try,
Can't say no, what boy would say no?
Every since I saw her nothings ever been the same,
I'm feeling like a brand new me,
She's the one that I need, she could really make my life
complete.

(chorus)

Wish she were crazy bout me, (sweet thing)
I will hold you in my arms and make you feel apart of
my dreams.

(sweet thing)

I will hold you in my arms and make you feel apart of
my dreams.

"Dreams"

Well she can break your heart she can tear it apart,
With her smile, with her smile.
And when she starts to dance she's got you all in a
trance,
Girl so fine, woo woo it's a crime.
Everybody wants her, what am I to do,
I know thay she don't notice me, wondering should I tell
her,
I would give her everything.

(chorus)

Wish she were crazy bout me, (sweet thing)
I will hold you in my arms and make you feel apart of
my dreams.

(sweet dreams)

I will hold you in my arms and make you feel apart of
my dreams.

(sweet dreams)

Every since i saw her nothings ever been the same,
I'm feeling like a brand new me,

She's the one that I need, she could really make my life complete.

(chorus)

Wish she were crazy bout me, (sweet thing)

I will hold you in my arms and make you feel apart of my dreams.

(sweet thing)

I will finally make you mines and wrap you up inside of my dreams.

(sweet thing)

I will kiss you in the night and love you til we both start to scream.

(sweet thing)
