### "Thank You"

Here I am  
Standing here, father  
I just wanna take out a little time  
A little time to say thank you  
Oh thank you  
You see you watched over me  
All night long  
You kept me in your lovin' arms

And I wanna thank you (father I)  
Oh I (truly I) truly I thank you

I wanna thank you  
'cause they said it couldn't be done  
Lord, oh, but it's because of you  
That we're standing here together as one

Father i  
Oh I (truly I) I thank you

Father i  
Oh I (truly I) I thank you

Father i  
Oh I (truly I) I thank you
