I've been livin' on the whispers in bed  
And if you had a picture  
Of what i've got in my head  
Whispers in bed  
Your voice is like an angel  
And this boy wants to be left  
Just an ordinary guy, uh-huh

And you're the vision that this boy wants to carry  
You're perfect, you're the one i'll marry  
You and i, we just keep getting closer  
Soon it will be alright (it's gonna be alright)

I've been livin' on your whispers in bed  
So full of emotion  
Over all the things you said  
Whispers in bed  
I wish that I could see you  
But i'll hold this phone instead  
I'm a victim of your eyes, uh-huh

And endless pleasures we will have 'cause it's  
magic  
And everything I have, girl, we will share  
Oh...oh...oh...i can hardly disguise it  
Girl, why should I deny it (we have so much to share)

Girl, every night when i'm home  
And i'm sittin' around on my bed  
And I pick up the phone and I dial your number  
I always have these images of you  
Running around inside my head  
And I just wanna let you know  
That i, ralph t., will always love you

I've been livin' on the whispers in bed  
And if you had a picture  
Of what i've got in my head  
Whispers in bed  
Your voice is like an angel  
And this boy wants to be left

Whispers in bed  
So full of emotion  
Over all the things you said  
Whispers in bed  
And if you had a picture  
Of what i??ve got in my head
