Verse 1

I heard you like to ball a lot and you like shopping at the
mall alot
Braggin' to your friends about what you go but all that's
just material
Don't really mean a thing to me you should know that
there's more to life than what you see please believe
it(oh oh oh)

You just don't care enough
You always think somebody's gonna buy you stuff
You never know who you might turn away
You never know where true love can be
Those type of girls don't interest me
You should know that there's more to life than what you
see please believe it(oh oh oh)

Chorus

How I can give you diamonds baby
I can take you 'round the world
None of that is really what you need
I just wanna give you something
You can't put a price on and it can make you rich
beyond your wildest dreams

Verse 2

It dosen't matter what they lace you with
'cause all you seem to like is expensive shh
You can't use everybody that you meet
'cause girl that's just not the way to be
Don't play that game cause you won't last
You will see that one day it's not about that please
believe it baby

You just don't care enough
You always think somebody's gonna buy you stuff
You never know who you might turn away
You never know where real love can be
Those type of girls don't interest me
You should know that there's more to life that what you
see please believe it(oh oh oh)

Chorus x 2

Bridge

I can give you everything baby
But don't you want more in life than material things
from me
So please let me be, be all that you need
And take you beyond your wildest dreams

Chorus

Listen to me cause material things
Ain't what you need
Cause that ain't everything (repeat)

Chorus
