(verse 1)

Remember this war weve been fighting for years?
Well, its finally brought me to tears,
All the deaths of innocent lives,
I cant even trust the sky,

And all the things that keep us together,
Have fallen apart,
Remember you promised youd be there forever,
well, you lied and broke my heart,

(chorus)

We've been fighting this war so long,
I cant remember what we're fighting for,
Before this we were so strong,
Now we're hitting rock hard floor,

Its not the same anymore,
No, no no,
And all the things i used to know,
They failed me, so never, never let go...

(verse 2)

Now the sun has dissapeared completly from the sky,
And now you counting on me, to tell a useless lie,
I cant pretend, i dont hate you,
I can pretend, i hate the things you do,

And all the things that keep us together,
Have fallen apart,
Remember you promised youd be there forever,
well, you lied and broke my heart,

(chorus)

We've been fighting this war so long,
I cant remember what we're fighting for,
Before this we were so strong,
Now we're hitting rock hard floor,

Its not the same anymore,
No, no no,

And all the things i used to know,
They failed me, so never, never let go...

(verse 3)

What happened to trust?
What happened to hope?
What happened to love?
Now my backs against the ropes,

And all the things that keep us together,
Have fallen apart,
Remember you promised youd be there forever,
well, you lied and broke my heart,

(chorus)

We've been fighting this war so long,
I cant remember what we're fighting for,

(chorus)

We've been fighting this war so long,
I cant remember what we're fighting for,
Before this we were so strong,
Now we're hitting rock hard floor,

Its not the same anymore,
No, no no,
And all the things i used to know,
They failed me, so never, never let go...
Dont let go....
