(verse 1)

I cant hear you,
I cant breath,
Ill barely make it through,
I just cant see,

Why is this so improtant?
Why cant i just leave,
Why cant i break through,
Why cant i believe,

This time,
You leave me colder inside,

(chorus)

Just cry,
Cry about all the things,
Cry cause' death rings,
Cry cause' thats all you can do,
Cry cause' its just me and you.....

(verse 2)

And when it all burns down,
The world is ending,
Im trying to drown,
Not a good beginning,

This is a fairytale,
I hate this nightmare,
Ill wake up any second,
But this is reality,

This time,
You leave me colder inside,

(chorus)

Just cry,
Cry about all the things,

Cry cause' death rings,
Cry cause' thats all you can do,
Cry cause' its just me and you.....

(verse 3)
so leave me here,
Leave me here to die,
Leave me, leave me,
Leave me here to cry,

Im dead inside,
I cant hide,
I cant hide from my death,
So i just hold my breath...

This time,
You leave me colder inside,

(chorus)
Just cry,
Cry about all the things,
Cry cause' death rings,
Cry cause' thats all you can do,
Cry cause' its just me and you.....

(chorus)
Just cry,
Cry about all the things,
Cry cause' death rings,
Cry cause' thats all you can do,
Cry cause' its just me and you.....

Its just me and you....
