(verse 1)

Im trapped,  
In a world i knew,  
To be colder than you,

Im locked,  
Inside a war worth fighting for,  
And i know ill die,  
But just wait inside,

(chorus)

Because,  
Your the reason im still alive,  
Nothing that i cant hide,  
you saved my life,  
Ill try, try, try,

You loved me no matter what,  
Even when this secret pulled my gut,  
You put up with this stupid war,  
Your my savior,

(verse 2)

I cant sleep,  
Knowing im too weak,  
To keep fighting,  
Ill keep fighting,

And im not shallow,  
Im not stupid,  
Im barely making it out alive,

(chorus)

Because,  
Your the reason im still alive,  
Nothing that i cant hide,  
you saved my life,  
Ill try, try, try,  
You loved me no matter what,  
Even when this secret pulled my gut,  
You put up with this stupid war,  
Your my savior,

(verse 3)  
You saved me once,  
You saved me twice,  
Theres not gonna be a thrice,

Im tired of,  
These stupid lies,  
Im sorry i,  
Just wont survive...

(chorus)  
Because,  
Your the reason im still alive,  
Nothing that i cant hide,  
you saved my life,  
Ill try, try, try,

(chorus)  
Because,  
Your the reason im still alive,  
Nothing that i cant hide,  
you saved my life,  
Ill try, try, try,

You loved me no matter what,  
Even when this secret pulled my gut,  
You put up with this stupid war,  
Your my savior,

Your my savior....
