I guess life just sucks for me,  
Im left out of everything,  
My heart skips a beat,  
Whenever i see myself cheat,

Im kicked, hurt, in pain,  
My Tears fall thick like rain,  
I cant ignore my sleeping brain,  
My mind wont ever change,

Tell me now, do you care about me?

Im trying to get through to you,  
But im left behind,  
I cant help to hide,  
Whats left inside,

My tears drown my sorrow out,  
My life just cant stop the doubt,  
And for a second i thought i was gone,  
But ill tell you now, im right where i belong.

These days pass by, like a hurricane inside,  
My thoughts pour out what im feeling,  
Just nothing can stop the bleeding,

And through these days i try and drown,  
My Life just cant take the doubt,  
I throw out all the disbelief,  
But still i get more grief

Tell me now, do you care about me?  
Im trying to get through to you,  
But im left behind,  
I cant help to hide,  
Whats left inside,

My tears drown my sorrow out,  
My life just cant stop the doubt,  
And for a second i thought i was gone,  
But ill tell you now, im right where i belong.

What can i do?  
To make it up to you,  
Im fallin deeper into this,  
I didnt want to get dissed,

My heart crys out for help, need  
But still my heart starts to bleed,  
You will never be the same,  
Just like i have changed,

Tell me now, do you care about me?

Im trying to get through to you,  
But im left behind,  
I cant help to hide,  
Whats left inside,

My tears drown my sorrow out,  
My life just cant stop the doupt,  
And for a second i thought i was gone,  
But ill tell you now, im right where i belong.

Im right where i belong
